

# Citrus College Cosmetology

The Citrus College Cosmetology Program exposes you to the latest techniques in the cosmetic treatment of hair, skin and nails. We are a Pivot Point® member school, making our program one of California's finest cosmetology programs at the community college level.

The Pivot Point® system of hair design is based on the belief that hair design is an art form with hair as the medium. Pivot Point® encompasses a powerful, all-inclusive cosmetology curriculum, delivered through a designer's approach that consists of a step-by-step, hands-on learning process. This process is presented in a user-friendly, interactive DVD system, allowing you to easily follow classroom instruction, review any lesson at any time and take self-tests to evaluate comprehension.

Students are encouraged to participate in a number of community service projects, as well as attend professional hair shows.

Many opportunities are available to cosmetology graduates.

- Hair stylist
- Makeup artist for television and motion pictures
- Research and development technician testing new products
- Facial and skin care specialist
- Manufacturer's representative in cosmetics sales
- Cosmetology industry educator
- Manicurist and nail art technician
- Salon owner

Our graduates successfully find jobs in the categories listed above. They are well prepared to pass the State Board Examination, which opens the door to lucrative opportunities in the cosmetology industry.

Associate in Science Degree

Certificate of Achievement

Cosmetology Program Duration

Day Program

Monday – Thursday

8:00 a.m. - 3:30 p.m.

## College Admission

Admission to Citrus College is open to high school graduates and any person 18 years of age or over.

To enroll, submit an application for admission online at:  
<https://wingspan.citruscollege.edu>

New students enrolled in five or more units and planning to earn an associate degree, a certificate of achievement, or a skill award must take an English and math skills assessment. In addition, new students who plan to enroll in English, mathematics or reading classes must participate in the skills assessment process.

## Associate Degree

For an associate degree, a student must complete 60 degree applicable units of work and fulfill specific general education requirements, including electives and physical education. A cumulative grade-point average of 2.0 ("C") or above is required.

For detailed information, refer to the college catalog or consult a counselor.

## Transfer Requirements

Transfer requirements can be integrated with the associate degree option so that you may receive a degree at the time of transfer. See a counselor for specific requirements for your major. Course requirements may vary among colleges.
