

# Career Technical Programs

Career technical education focuses on the knowledge, skills, and abilities specific to an industry and occupations within the industry.

## Career Technical Education

Many of the programs listed below offer certificates of achievements based on satisfactory completion of a course, or a specific sequence of courses, that prepare the student for credentialing exams and/or signal proficiency to employers in the industry. Contact a counselor or the department for more information regarding certificate of achievement programs; information is also available on the website.

# Career Technical Programs

## College Admission

Admission to Citrus College is open to high school graduates and any person 18 years of age or over.

To enroll, submit an application for admission online at:  
<https://wingspan.citruscollege.edu>

New students enrolled in five or more units and planning to earn an associate degree, a certificate of achievement, or a skill award must take an English and math skills assessment. In addition, new students who plan to enroll in English, mathematics or reading classes must participate in the skills assessment process.

## Concurrent Enrollment for High School Students

Some programs and classes are available to current junior and senior high school students. Interested students should contact their high school counselor or the college's Admissions and Records Office.

## Associate Degree

For an associate degree, a student must complete 60 degree-applicable units of work and fulfill specific general education requirements, including electives and physical education. A cumulative grade-point average of 2.0 ("C") or above is required.

For detailed information, refer to the college catalog or consult a counselor.

## Transfer Requirements

Transfer requirements can be integrated with the associate degree option so that you may receive a degree at the time of transfer. **See a counselor for specific requirements for your major. Course requirements may vary among colleges.**
