# COSTA RICA Winter 2010

Citrus College

Earn 3-6 Units of  
Citrus College Credit

Costa Rica is one of the most unique destinations in Central America. This majestic country extends from the Pacific Ocean to the Caribbean Sea where visitors can experience overwhelming diversity. Ecological and geological communities such as rainforests, cloud forests, tropical dry forests, volcanoes, hot springs, incredible rivers and waterfalls, and beautiful beaches and islands all provide habitat for 5% of the world's flora and fauna species. More than 25% of Costa Rica is protected as national parks and reserves, and students studying in these areas will have an incredible educational experience.

#### Program Includes:

- Accommodations in homestays and lodges.
- Most meals and laundry service
- Biodiversity and cultural activities
- Guided tours and overnight excursions include Tortuguero National Park, Monteverde Cloud Forest, Arenal Volcano National Park, La Selva Biological Station and Reserve, Carara National Park, and Palo Verde National Park
- Day trips include Sarapiquí river boat tour, Poas Volcano, La Paz Waterfall Gardens, Café Britt, Baldi Hot Springs.
- Opportunities to experience white water rafting, canopy tours, crocodile safari, rain forest aerial tram, zip-lining and more
- Group airfare with airport pickup and return is offered

For additional information and eligibility requirements,  
call the Study Abroad Office at (626) 914-8560.
