

California State University General Education Pattern (CSUGE) 2010-2011

Students may follow the CSUGE pattern of study outlined or, in most cases, the Intersegmental General Education Transfer Curriculum (IGETC) to meet lower-division general education requirements for the CSU system. Students who are undecided about the system of school they would like to transfer to are strongly recommended to complete the IGETC. The IGETC fulfills the general education requirements for the UC, CSU and many private universities. Please consult with an advisor or counselor for further information.

CSU CERTIFICATION

“Certification” means that Citrus College has verified that a student has completed the lower-division general education requirements for the California State University system.

Certification from a community college is important, because without it, students will be held to the general education requirements specific to the CSU campus to which they are transferring. This typically involves additional lower-division coursework. Once a student is “certified,” however, the CSU campus of choice will identify the student as having completed the lower-division requirements that were spelled out in the articulation agreement established between the particular CSU campus and Citrus College courses from other schools may be considered for certification by petition through a process called “pass along certification.” Please see a Citrus College Advisor or Counselor for assistance.

Please note that Certification is not automatic. Students wishing to have CSUGE or IGETC certification accompany their transcripts when they are sent to the CSU must complete an official transcript request stating they would like their courses CSU certified. Transcript requests and CSU or IGETC certification is done through the office of Admissions and Records.

GENERAL EDUCATION REQUIREMENTS

The General Education Requirements for the California State University (CSU) system specifies courses within subject areas that will satisfy the 39 lower division GE requirements for any campus of the California State University System. Completion of CSU GE is not required before transfer but for most students it is highly recommended. For some students, in high unit majors, completing the pre-major course requirements will be a priority over completing GE requirements.

PLANNING TO TRANSFER?

www.assist.org

Your official source for California articulation and student transfer information.

IMPORTANT NOTE: Courses on this list are approved for the academic year 2010-2011 which begins with 2010 summer semester. This list is valid through summer 2011.

Courses on the CSU General Education List change from year to year. Courses taken to meet General Education requirements will be honored only if they are approved for the academic year in which they are taken. It is therefore a wise practice for student to obtain a new CSU General Education list for each academic year in which they are registered at Citrus College. Students wishing to use a course to meet a CSU general education requirement must be sure that the course is approved for the academic year in which it is taken. Courses on this list are approved by the CSU Chancellor's Office for the 2010-2011 academic years.

Previous CSU General Education Approved Course Lists are available at www.assist.org. Information is also available at the Citrus College Counseling Center and the Career/Transfer Center. Please see an Advisor or Counselor for details.

Citrus College will certify courses taken at other California community colleges in the areas designated by the offering college. Courses taken at California four year colleges or accredited out-of-state two year or four year colleges will be certified if they are equivalent to courses on the CSU GE course list. **Courses from foreign institutions cannot be used in the certification process.**

California State University General Education Pattern (CSUGE) 2010-2011

MINIMUM ADMISSION REQUIREMENTS FOR CSU TRANSFER STUDENTS:

1. Complete 60 semester units of transferable college credit with a GPA of at least 2.0
2. Complete a minimum of 30 semester units of college courses with a grade of "C" or better in each course to be selected from courses in English, arts and humanities, social science, science and mathematics at a level equivalent to courses that meet general education requirements.
3. The 30 semester units must include courses that satisfy CSU GE [Areas A1, Oral Communication](#); [A2, Written Communication](#); [A3, Critical Thinking](#); and [B4, Mathematics / Quantitative Reasoning](#). Completion of the CSU GE Certification Pattern will satisfy the course requirements for the minimum admissions requirements listed above (#2). Although not required for admission to the CSU, students are encouraged to complete the CSU GE Certification Pattern prior to transfer.

For impacted or competitive CSU campuses and majors there may be additional requirements such as completion of specific major courses, completion of certain general education courses by certain semesters, and/or higher grade point averages (see an advisor or counselor for advice).

PREPARATION FOR THE MAJOR

Transfer students are urged to complete as many major preparation courses as possible prior to transfer. Completing these courses will help ensure that students will be prepared to enter their major upon transfer to a CSU campus and will reduce the time required to earn a baccalaureate degree. Articulation agreements with CSU and UC campuses can be found on www.assist.org.

IMPACTED MAJORS

The CSU designates major programs as impacted when more applications are received in the initial filing period from CSU-eligible applicants than can be accommodated by the campus. The initial filing period is defined as the first month(s) of the filing period (October 1 and November 30 for fall terms). If you are interested in an impacted major, you must apply during the initial filing period. A higher GPA and additional admissions requirements and supplementary admission criteria may be required.

Detailed information about the 2008-2009 CSU impacted campuses and majors can be accessed at <http://www.calstate.edu/sas/impactioninfo.shtml>. All majors at San Luis Obispo and San Diego are impacted, please consult an advisor or counselor for additional information.

CSU GRADUATION REQUIREMENTS

Most CSU campuses have graduation requirements in addition to general education requirements that may be taken at Citrus College prior to transfer. They include but are not limited to: Foreign Language, Second Semester English Composition, Ethnic Studies/Multicultural course, Computer Competency requirement, etc.

Please consult with a counselor for details on the graduation requirements to individual CSU campuses.

PRIORITY APPLICATION FILING PERIODS

Students are encouraged to attend an application workshop. Applications to the CSU are available online at www.csumentor.edu. Deadlines for filing are published by each campus. Some campuses are only open for Fall applicants. Check at www.csumentor.org.

The application priority filing periods are:

Quarter system campuses:

Summer Quarter: February 1-28
Fall Quarter: October 1-November 30
Winter Quarter: June 1-30
Spring Quarter: August 1-31

Semester system campuses:

Fall Semester: October 1-November 30
Spring Semester: August 1-31

Please note that not all CSU campuses may be open for each quarter /semester. Please check https://secure.csumentor.edu/filing_status/ to see if your CSU campus of interest is open for the requested filing period.
