

California State University General Education Pattern (CSUGE) 2008-2009

Students may follow the CSUGE pattern of study outlined or, in most cases, the Intersegmental General Education Transfer Curriculum (IGETC) to meet lower-division general education requirements for the CSU system. Students who are undecided about the system of school they would like to transfer to are strongly recommended to complete the IGETC. The IGETC fulfills the general education requirements for the UC, CSU and many private universities. Please consult with an advisor or counselor for further information.

CSU CERTIFICATION

“Certification” means that Citrus College has verified that a student has completed the lower-division general education requirements for the California State University system.

Certification from a community college is important, because without it, students will be held to the general education requirements specific to the CSU campus to which they are transferring. This typically involves additional lower-division coursework. Once a student is “certified,” however, the CSU campus of choice will identify the student as having completed the lower-division requirements that were spelled out in the articulation agreement established between the particular CSU campus and Citrus College courses from other schools may be considered for certification by petition through a process called “pass along certification.” Please see a Citrus College Advisor or Counselor for assistance.

Please note that Certification is not automatic. Students wishing to have CSUGE or CSU IGETC certification accompany their transcripts when they are sent to the CSU must complete an official transcript request stating they would like their courses CSU certified. Transcript requests and CSU or IGETC certification is done through the Office of Admissions and Records.

GENERAL EDUCATION REQUIREMENTS

The General Education Requirements for the California State University (CSU) system specifies courses within subject areas that will satisfy the 39 lower division GE requirements for any campus of the California State University System. Completion of CSU GE is not required before transfer but for most students it is highly recommended. For some students, in high unit majors, completing the pre-major course requirements will be a priority over completing GE requirements.

IMPOTANT NOTE: Courses on this list are approved for the academic year 2008 – 2009 which begins with Summer Semester, 2008. This list is valid through Summer 2009.

Courses on the CSU General Education List change from year to year. Courses taken to meet General Education requirements will be honored only if they are approved for the academic year in which they are taken. It is therefore a wise practice for student to obtain a new CSU General Education list for each academic year in which they are registered at Citrus College. Students wishing to use a course to meet a CSU general education requirement must be sure that the course is approved for the academic year in which it is taken. Courses on this list are approved by the CSU Chancellor’s Office for the 2008-2009 academic years.

Previous CSU General Education Approved Course Lists are available at www.assist.org. Information is also available at the Citrus College Counseling Center and the Career/Transfer Center. Please see an Advisor or Counselor for details.

Citrus College will certify courses taken at other California community colleges in the areas designated by the offering college. Courses taken at California four year colleges or accredited out-of-state two year or four year colleges will be certified if they are equivalent to courses on the CSU GE course list. **Courses from foreign institutions cannot be used in the certification process.**

GENERAL TRANSFER INFORMATION

CSU Admission Requirements:

A Citrus College student who is planning to transfer to one of the campuses of the CSU system may qualify for admission by meeting the following requirements:

Upper Division Transfer: Transfer students to CSU will be required to have a minimum 60 transferable semester units. Students are required to fulfill admission requirements by:

Completing a minimum of 30 semester units with a “C” or better in each course, to include:

- Courses that satisfy CSU GE Areas A-1, Oral Communication; A-2, Written Communication; A-3, Critical Thinking; and B-4, Mathematics/Quantitative Reasoning
- Additional CSU transferable courses from Physical Universe; Life Forms; Mathematics; Arts and Humanities; and Social and Behavioral Sciences of a least equivalent level to courses that meet general education requirements.

PREPARATION FOR THE MAJOR

Transfer students are urged to complete as many major preparation courses as possible prior to transfer. Completing these courses will help ensure that students will be prepared to enter their major upon transfer to a CSU campus and will reduce the time required to earn a baccalaureate degree. Articulation agreements with CSU and UC campuses can be found on www.assist.org.

IMPACTED MAJORS

The CSU designates major programs as impacted when more applications are received in the initial filing period from CSU-eligible applicants than can be accommodated by the campus. The initial filing period is defined as the first month(s) of the filing period (October 1 and November 30 for fall terms). If you are interested in an impacted major, you must apply during the initial filing period. A higher GPA and additional admissions requirements and supplementary admission criteria may be required.

Detailed information about the 2008-2009 CSU impacted campuses and majors can be accessed at <http://www.calstate.edu/sas/impactioninfo.shtml>. All majors at San Luis Obispo and San Diego are impacted, please consult an advisor or counselor for additional information.

CSU Graduation Requirements:

Most CSU campuses have graduation requirements in addition to general education requirements that may be taken at Citrus College prior to transfer. They include but are not limited to: Foreign Language, Second Semester English Composition, Ethnic Studies/Multicultural course, Computer Competency requirement, etc.

Please Consult with a counselor for details on the graduation requirements to individual CSU campuses.

PRIORITY APPLICATION FILING PERIODS: Students are encouraged to attend an application workshop. Applications to the CSU are available online at www.csumentor.edu. Deadlines for filing are published by each campus. Some campuses are only open for Fall applicants. Check at www.csumentor.org.

The application priority filing periods are:

Quarter System Campuses:

Summer Quarter: February 1-28
Fall Quarter: October 1-November 30
Winter Quarter: June 1-30
Spring Quarter: August 1-31

Semester System Campuses:

Fall Semester: October 1-November 30
Spring Semester: August 1-31
