

## Intersegmental General Education Transfer Curriculum (IGETC) 2010 – 2011

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that community colleges transfer students may use to fulfill lower-division general education requirements in either the UC or the CSU system without the need to take additional lower-division general education courses. Completion of IGETC does **NOT** guaranteed admission, nor is it required for admission. (All courses must be completed with a "C" or better.)

The IGETC is **not advisable** for all transfer students. The IGETC is most advantageous for transfers who have not yet decided on a major or a campus. Once a student has identified a major, it is important to give priority toward fulfilling all required major preparation courses, particularly in professional or "high unit" majors that select applicants on the basis of satisfaction of lower division major requirements. If a student is pursuing a major that requires extensive lower-division preparation, they may be better served by taking courses which fulfill the CSU General Education/Breadth requirements or the general education of the specific UC campus or college to which they plan to transfer, examples of such majors include, but are NOT LIMITED to: Engineering, Business Administration, Computer Science, Pre-professional schools and Sciences.

***Before selecting any courses, please see an advisor or counselor for assistance in planning your program.***

### UC Minimum Admission Requirements:

- 60 UC transferable units
- 2.4 cumulative GPA for resident students (highly selective campuses and majors may require higher GPAs)
- No more than 14 semester units taken Pass/Not Pass (P/NP)
- 7 UC transferable GE courses (7 course pattern) as follows:
  - 2 courses in English composition (ENGL 101AND ENGL 103/H, or 104)
  - 1 course in Mathematical Concepts and Quantitative Reasoning (see IGETC Area 2 for approved courses)
  - 4 courses chosen from at least 2 of these subject areas (see IGETC Areas for approved courses):
    - Arts and Humanities
    - Social and Behavioral Sciences
    - Physical and Biological Sciences

### IGETC Certification

Citrus College can certify either full certification (completion of all requirements in each subject-area) or partial certification (maximum of two courses missing and completed after transfer) of IGETC. Official transcripts of any coursework completed outside Citrus College must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the IGETC area identified by the offering college the term the course was taken. Courses taken at other colleges/universities may be used if the course content meets the IGETC area standards. (Note: UC Berkeley's College of Letters & Science requires full certification of IGETC.)

Students should request certification when a final transcript is requested to be sent to their choice of UC or CSU (campus where admission has been accepted), the term prior to transfer. The "Transcript Request" form is available and can be filed at the office of Admissions and Records. Once certification is completed student records (transcript) will reflect the full or partial certification of IGETC completion.

# Intersegmental General Education Transfer Curriculum (IGETC) 2010 -2011

## “Avoid the Competition, Guarantee yourself Admissions”

### University of California Transfer Admission Guarantee Program (2010-2011)

Seven UC campuses offer guaranteed admission to California community college students who meet specific requirements. By participating in a Transfer Admission Guarantee (TAG) program, you can receive early review of your academic record, early admission notification, and specific guidance on major preparation and general education coursework. (You may have multiple TAG agreements) A list of eligibility criteria and special notes for each campus are provided below.

To pursue a TAG, you should:

- fill out the TAG application and review it with your community college counselor/advisor and/or UC campus TAG adviser before submitting it to your chosen campus; [http://www.uctransfer.org/transfer\\_admis\\_quar.html](http://www.uctransfer.org/transfer_admis_quar.html)
- Once your TAG is approved, fulfill all remaining coursework and GPA requirements designated in your TAG agreement; and
- Apply for admission to UC during the appropriate filing period see [www.universityofcalifornia.edu/apply](http://www.universityofcalifornia.edu/apply)

Students do not have to participate in TAG to be considered for admission. Non-TAG students should apply for admission during the appropriate application-filing period.

**IGETC Exceptions:** (see [www.universityofcalifornia.edu/educators/counselors/adminfo/transfer/advisingigetc.html](http://www.universityofcalifornia.edu/educators/counselors/adminfo/transfer/advisingigetc.html))

**IGETC is not accepted** for Engineering majors, for the following: **Berkeley** - College of Environmental Design, Chemistry, Natural Resources, and the Haas School of Business; **Davis** - all bachelor of science majors; **Los Angeles** - School of Applied Science; **Riverside** - College of Natural and Agricultural Sciences; **San Diego** - Eleanor Roosevelt College and Revelle College; **Santa Cruz** - Physical and Biological Sciences.

**IGETC is not recommended** for the following: **Merced** – School of Natural Sciences; **Santa Barbara** - Biological Sciences, Chemistry, Computer Science, Physics, and Geology.

**Restrictions:** A student who is initially enrolled at a UC and is returning to the same UC campus (after attending a community college) is considered a "readmit" and **cannot** use IGETC. However students who initially enroll at a UC, attend a community college and return to a **different** UC campus, may be able to use IGETC, but should check with a Citrus advisor, counselor or the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or Extension classes only. Students initially enrolled at a CSU and then return to the same CSU campus (after attending a community college) should be directed to that campus for questions regarding the use of IGETC. (There is no CSU system-wide policy on this issue.)

Students are encouraged to see a counselor or advisor to discuss transfer and the IGETC option as part of their student education plan.

### UC Transfer Unit Limitations

- + No credit for BIOL 104 if taken after 105 or 124
- + BUS 160 and 161 combined: maximum credit, one course
- + ECON 100, 101/H, 102 Combined: maximum credit, two courses
