

PROGRAM OF STUDY

Digital and Web Design - Certificate of Achievement

Term Effective: Fall 2008

Total Units: 30

The Digital and Web Design certificate is designed to introduce and develop the basic skills necessary for success as an entry level graphic, digital or web designer. Fundamental to the core of a strong design sensibility, the computer is an essential tool for design success and a complement to composition, design principles, layout, and typography.

REQUIRED COURSES:

Course	Title	Units	Completed	In Progress	Need
ART 111	Beginning Drawing	3
